

Flexi Riser Pump Puller[®]

FlexiRiser Pump Puller®

The **FlexiRiser Pump Puller** is a trailer-mounted, hydraulic spool system designed to install and retrieve submersible pumps at the push of a button.

Gone are the days of having to break 20ft sticks of steel pipe. **BORELIN FlexiRiser** is available in one, continuous length which means an easy, efficient and very safe installation.

Save labor costs and be safe with **FlexiRiser Pump Puller** to install and retrieve your submersible pumps safely and efficiently.

FlexiRiser Pump Puller®

Rain or shine,
day or night,
this **FlexiRiser
Pump Puller**
is ready to work
24/7.

There is no safer way to install
pumps than with the **FlexiRiser
Pump Puller**

- No working under heavy loads
- No bending over or physical exertion
- No picking up pipe wrenches or heavy tools
- Arrive home safe and on time

FLEXIRISER PUMP PULLER

FlexiRiser Pump Puller®

- Safe and Efficient Pump Installation
- Small Footprint Around the Well
- All Weather Installation Capability
- Massive Labor Savings
- Ideal for Remote Locations
- Simplified Preventative Maintenance
- Reduced Mob and Demob
- Available for Rent or Purchase
